Part II.
SUBSTANCE OF INTERVIEW DESCRIBING THE GENERAL NATURE OF WHAT WAS DISCUSSED:

Examiner called applicant's attorney to obtain authorization to amend claim 1 to include a housing and to define that the complementary circumferential region is rotatable relative to the housing- since the previously presented terminology of "can be set rotating" indicates that the circumferential region does not necessarily need to be rotated, and Mohrmann would thus teach this optional feature.

Part III.

- ☐ It is not necessary for applicant to provide a separate record of the substance of the interview, since the interview directly resulted in the allowance of the application. The examiner will provide a written summary of the substance of the interview in the Notice of Allowability.
- ☐ It is not necessary for applicant to provide a separate record of the substance of the interview, since the interview did not result in resolution of all issues. A brief summary by the examiner appears in Part II above.
